

**Sculptors Qld and Economic Development Qld (EDQ) Northshore**

**“Northshore Sculpture by The River” - March 2020**

Thank you everyone who has submitted great sculptures as well as images of those in progress for this exciting Exhibition - 8 weeks till the opening on 26<sup>th</sup> March.

We have over 20 outdoor pieces and over 40 indoor sculptures. This is such a great result considering members are also currently preparing for our Annual Mt Coot-tha Exhibition in June and their own sculpture practice.

If you have not been to the site yet, the address is 257 MacArthur Ave Hamilton, between the Northshore Hamilton City Cat Terminal and Eat Street. The big Corrugated iron Shed is where all the Indoor sculptures will be. Outdoor sculptures will spill from there along the Riverwalk to the ferry terminal.

By 30<sup>th</sup> January you will receive email confirmation of your submission' success. We might ask for more details around the risks perceived in your outdoor piece and the solutions to amend, once we meet with Northshore's team. Once notified of selection, the completed Entry Form will satisfy your obligations.

By 5<sup>th</sup> February, please complete in detail the Northshore Entry Form and email to: [exhibitions@sculptorsqld.org.au](mailto:exhibitions@sculptorsqld.org.au) along with the entry fees and insurance details. I have provided another copy of the Northshore Entry Form in word format - see attached document. You can also access the PDF doc from the website if you prefer. Outdoor sculptors also need to indicate if they have a Workplace Health & Safety Card. If not, we will organise a training session with a reputable company and chat further with these artists who are impacted by this requirement

It's great to see that the concrete plinths on offer will be helpful to several outdoor artists. They will be stored at the Northshore site for next year's use. Please let me know if anyone would like the plinth design and details resent to them. These plinths have been designed by Jaco Roeloffs and will be available for purchase from him after the Exhibition.

Invitations will be sent to you in the next 2 weeks. WE look forward to welcoming you and your sculptures to this exciting new event at Northshore.

**Joanne Bullock-Saxton – President Sculptors Queensland**
